

Man Ray.

Right now Man is getting a photo taken of himself for a book and he is smoking. His parents called him Man because his dad said he was like a little man when he was a baby. He has a dad called Stevey and a mum called Mary. Man doesn't like to go in the sun because his mum had skin cancer from it. Man Ray also has a sister called Stella. Stella died in a car crash when she was only 20. Man Ray is thinking right now that it is very sad.

He has dark brown eyes and his hair is short and slick. Man Ray likes it slick because he thinks it looks nice! His skin is very rough around the cheeks. When Man was little he was so cute but now he doesn't really care what he looks like because he just wants to do art. Man Ray is very wrinkly of old age and he wears glasses for reading. Man Ray's voice is quite soft and old sounding.

Man Ray is mostly happy but he is very serious person too. When people tell jokes he laughs. He makes people laugh by telling them about when he was young and how he shaved a persons head for 20 pounds!

Man Ray used to love building but he got into artwork because he thought his sister might like it.

Grace.
