

Marlene May Dietrich

Marlene Dietrich from Germany is at a modelling studio right now in Aberdeen, Scotland. Marlene who is 22 has two older siblings called Michaela Keene-Kennedy, Hayden Noir and she has a mum called Ella Noir and a dad called Rick Noir.

She is a model and she travels around the world. At the moment she is in Scotland doing the winter-line for Maya because she was asked to do it as part of her job.

Marlene's voice is low but at times can be loud, Marlene is thin, her face is soft and oval, and she has green eyes. Marlene's hair is very fair and long but she prefers it up than down because it keeps her hair out of her face. Her skin is soft, warm and tanned.

Miss Dietrich is a model for Germany. Marlene wants to be a great model so that everyone gets to know her.

She is funny. When she is happy she smiles. Marlene dislikes bugs and mean people because bugs disgust her and mean people are rude to her, her family and her friends.

At this moment Marlene is thinking. "Oh I wish my family were here right now, so they could see how successful I am now".
