Covid Update

Covid infections amongst our students are still occurring on a daily basis with quite a few of these cases not coming from the school but household contacts. Please can parents remember to inform us if children become infected while self-isolating. Information needs to be given to the Ministry of Education about infection numbers in schools. Thank you all for the ongoing support in ensuring unwell children are not sent back to school too soon.

Please remember that masks are still required when entering the school and even though you do not need to scan your QR code, you do need to sign in at the office if you are staying on the school grounds (not just picking up/dropping off children).

Online Learning

Online learning is being provided for our families who are self-isolating or unwell with Covid. The online portal is supplementary to the classroom programme, as teachers are still responsible for their class. If you have any queries, please email your child's teacher.

School reporting Survey

Many thanks to everyone who has completed the school reporting survey. We have had a very encouraging response after one week. The survey feedback will help us decide whether we will stay with Seesaw Online Reporting or return to the traditional template report. Here is the link
