Wet weather this week

Fortunately, we didn't flood this week with the wet weather. This was mostly due to having clean drains after the PCC waste water upgrade and the low tide. Many thanks to Ian our caretaker for getting everything cleaned up so quickly. It will be interesting to see what happens if the tide is in next time.....

Parumoana Swimming Competition

Well done to all our swimmers who took part in the Parumoana Swimming Sports this week. The tamariki represented the school superbly and everyone tried their very best. Many thanks to Emma Tweedie, Becky Spencer, David Jackson, Megan Carr and all the parents who went along to support the children.

The annual Parentlink Quiz Night is on Saturday 14 September in the hall. There are only 12 tables available so get your team together and book in at the office before all the tables go. Many thanks to Luke Waghorn who is our quizmaster this year, our sponsors and to Katie Firth and Virginia Forbes for all the hard mahi getting the evening organised. See you there!

We welcome past whānau of Paremata Kindergarten the opportunity to come and have their hand print added to our tunnel. Please chat to kaiako to make a time to have these hand prints done.

If you know past pupils of Paremata Kindergarten who didn't have a chance to make a handprint over the last few years, please get them to contact the kindergarten to make this happen.

This is a fundraiser and will go toward a mud kitchen and other outdoor resources/spaces if possible. Prices for handprints:

NORTH PORIRUA KĀHUI AKO PRESENTS

**KATHRYN BERKETT
PARENT EVENING FOR AGES
5 - 11 YEARS**

What can we do – as parents and community – to help our children?

We use the word resilience all the time, we want it for ourselves and for our children. But what does it actually look like? And how do we develop it? Understanding the neuroscience of how resilience develops, will help us recognise what we can do in our everyday lives and interactions, to increase resilience in our communities. This session will help you understand, in a simple yet sufficient way, how we can build resilience.

The beauty of this session is that you can take the information and immediately apply it to your world. Reports of 'you have changed our household' and 'I get it now' is very common feedback from those who attend this session. Come along to this unique, local opportunity to hear what might be the most useful information of your life!

**Tuesday 24th September
7pm - 8:30pm
Te Manawa, Aotea College**

Kathryn is a mother of two adolescents, with a Master of Educational Psychology. Kathryn teaches trauma-informed practice and has trained national and international audiences for over twenty years; working with groups such as Police, Teachers, Parents, Social Workers, NZL Rugby and many more. She also has a TEDx talk online, "Neuroscience of Device Zombies."

NORTH PORIRUA KĀHUI AKO PRESENTS

**KATHRYN BERKETT
PARENT EVENING FOR AGES
11 -18 YEARS**

The adolescent years are an incredible time for change. So much is going on for our youth as they transition from children to adults. This session will outline the main changes that are physically happening in their brains and in their bodies. You will be amazed at what is going on, and it will make so much sense!

Understanding the changes, and how they affect our adolescents, will give you an increased ability to deal with the behaviour that results from them. Adolescence is an important time for increasing resilience, so this information will help you support them in this area too. The beauty of this session is that you can take the information and immediately apply it to your world. Reports of 'you have changed our household' and 'I get it now' is very common feedback from those who attend this session. Come along to this unique, local opportunity to hear what might be the most useful information of your life!
